CAREER OBJECTIVE

I am a passionate Frontend Developer with skills in HTML, CSS, JavaScript, and React.js. I am eager to build responsive and user-friendly web applications and work with UI/UX teams to create great designs. I am always ready to learn new technologies and follow best coding practices to improve web performance.

EDUCATION :

- **Bachelor of Engineering in Computer Science**
  Solamalai College of Engineering, 2024
  Percentage: 74%
- **Higher Secondary Certificate (HSC)**
  Sitalakshmi Girls Hr. Sec. School, 2020
  Percentage: 62%
- **Secondary School Leaving Certificate (SSLC)**
  Sitalakshmi Girls Hr. Sec. School, 2018
  Percentage: 71%

ACHIEVEMENTS :

- I attend the TCS National Qualifier Test (NQT) Score :-
  Overall percentage : 63%
  Date of the Examination : October 2023

TECHNICAL SKILLS :

- **Frontend** : HTML, CSS, JavaScript, React js
- **Database**: Oracle SQL
- **Backend** : Python
- **Version Control** : Git

CERTIFICATIONS & WORKSHOPS :

- Oracle Learning Explorer – SQL (Earned from Oracle, Jan 2025)
- Learn Python – CodeChef
- Workshop: Crack Programming (C, C++, Java)
- Workshop: Exploring Programming Language – E-Career Plus Institute

PROJECTS :

- **Billing Application with Image Recognition [GitHub Link]**
  Description: Developed a billing system that integrates image recognition for product identification to streamline the checkout process.
  Technologies Used: JavaScript, HTML, CSS , Php ,React js

- **Role-Based Access Control System (RBAC) – Django [Github Link]**
  Description: To manage user permissions efficiently. Implemented authentication and authorization for different user roles (Admin, Editor, Viewer).
  - Designed and implemented a modular, reusable authentication system for different user roles.
  - Optimized database queries and caching, reducing load time by 40%.
  Technologies Used: Python, Django, Django ORM, HTML, CSS, JavaScript, SQLite/MySQL

INTERNSHIP :

- **Mozitz Softtech | Frontend Intern** (Madurai, 3 months)
  - Developed interactive UI components using Vue.js, JavaScript, and CSS.
  - Implemented reusable front-end components, reducing code redundancy by 30%
  - Improved page performance and cross-browser compatibility.
- **Gwing Technologies | Software Development Intern** (1 month)
  - Developed small projects using Python and Git
  - Gained experience in version control and debugging.
